

Together, we can make a difference

We believe when we work together, we can make a huge difference. Our aim is to help build a growing culture of philanthropy and contribute to lasting positive social change in our community.

A SIMPLE MODEL THAT WORKS

Impact100 Sydney North brings together 100+ members who each donate \$1,000 annually. The donations are pooled to make high impact grants to local charities to help fund transformative projects. All donations are fully tax-deductible* and the whole \$1,000 donation goes directly towards the grants. While the model is relatively new in Australia, we are part of the Impact 100 movement now active in over 60 communities worldwide.

MAKING GIFTS WITH IMPACT

Each year members choose which projects to fund from a short-list of well researched projects. We want this to be a significant grant that will have an extraordinary impact on the receiving charity taking it to another level with substantial funding and meeting a compelling need. Although only one project will receive the \$100,000 high impact grant, all finalists will benefit from raised public profiles, potentially attracting additional funding. Each year's grant round will have a specific focus, such as young people, environment, health, arts, and so on, collectively decided upon by our members.

BE PART OF A GIVING COMMUNITY

Being part of giving away \$100,000 is extremely satisfying and rewarding. Choose how involved you want to be: from becoming a member, participating in the review of applications and attending not-for-profit site visits, to joining one of our operational teams. Meet like minded people, learn more about philanthropy and be closely connected to the charities your donation is supporting. You'll have access to member events, field trips and community activities throughout the year.

- Share the giving process with others and be part of a community
- Enhance your giving and make a measurable impact
- Give strategically and know how your donation is making a difference
